THULE.COM

Bring your life  
[thule.com](http://thule.com)

# Congratulations

And thank you for choosing Thule Bassinet! You can rest assured that we have put all our efforts, knowledge and passion into designing the most timeless, flexible and safe bassinet we could think of.

**IMPORTANT** - READ THE INSTRUCTIONS CAREFULLY BEFORE USE AND KEEP FOR FUTURE REFERENCE. THE CHILD'S SAFETY MAY BE AFFECTED IF YOU DO NOT FOLLOW THESE INSTRUCTIONS.

## Visual language

**WARNING** indicates a hazardous situation which, if not avoided, could result in death or serious injury.

**NOTE** indicates additional information that is useful for trouble-free and optimal use of the product.

# Maintenance

Keeping your Thule Bassinet clean and well maintained is an important factor in keeping it in good condition.

Regularly inspect your stroller and accessories for damage and signs of wear:

- Do not use the infant carrier if it is damaged or broken.
- Check metal components for any dents or cracks. Do not use the bassinet if any metal components are cracked or damaged.
- Examine the fabric regularly for tears, worn spots or any other signs of damage.
- Follow the cleaning instructions in the maintenance chapter of these instructions.
- The handles and the bottom of the carry cot should be inspected regularly for signs of damage and wear.

Store your stroller and accessories in a dry area out of direct sunlight. Before storing your stroller, it should be dry to prevent the growth of mold or bacteria.

# ⚠️ **WARNING**

FAILURE TO FOLLOW THESE WARNINGS AND THE INSTRUCTIONS COULD RESULT IN SERIOUS INJURY OR DEATH.

- This product is suitable only for a child who cannot sit up unaided, roll over and cannot push itself up on its hands and knees. Maximum weight of the child: 9 kg.
- Do not use this bassinet for a child that is more than 6 months old.
- Never use this product on a stand.
- This product is not suitable for running or skating.
- NEVER leave child unattended.
- **SUFFOCATION HAZARD:** Infant carrier can roll over on soft surfaces and suffocate child. NEVER place carrier on beds, sofas, or other soft surfaces.
- **SUFFOCATION HAZARD:** Infants have suffocated:
  - in gaps between extra padding and side of the bassinet/cradle, and
  - on soft bedding.Use only the pad provided by manufacturer. NEVER add a pillow, comforter, or another mattress for padding.
- **SUFFOCATION HAZARD:** Do not leave anything in the carry cot that could present a danger of suffocation, e.g., non-rigid toys, pillows...
- **FALL HAZARD:** Child's activity can move carrier. NEVER place carrier on counter tops, tables, or any other elevated surface.
- **FALL HAZARD:** To help prevent falls, do not use this product when the infant begins to push up on hands and knees

or has reached 9 kg, whichever comes first.

- **FALL HAZARD:** Always check that the bassinet is securely locked on the base by pulling upwards on the bassinet bed.
- NEVER use this carrier as a means to transport an infant in a motor vehicle.
- To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician.
- Ask a health professional for advice on safe sleeping.
- Strings can cause strangulation! Do not place items with a string around a child's neck, such as hood strings or pacifier cords. Do not suspend strings over a bassinet or cradle or attach strings to toys.
- Only use on a firm, horizontal level, flat and dry surface.
- Do not let other children play unattended near the carry cot.
- Do not use if any part of the carry cot is broken, torn or missing.
- Do not leave flexible carrying handles inside the carry cot.
- Before carrying or lifting, make sure that the handle is in the correct position of use.
- The head of the child in the bassinet should never be lower than the body of the child.
- Do not add another mattress on top of the mattress provided or recommended by the manufacturer.
- If a sheet is used with the pad, use only the one provided by the bassinet manufacturer or one specifically

designed to fit the dimension of the bassinet mattress.

- Carelessness causes fire. Do not use this child carrier around or near an open fire or other source of strong heat.
- Only use replacement parts supplied or approved by the manufacturer.
- Do not place any cord, strap or similar item in or near this bassinet that could become wrapped around a child's neck.
- Do not place this bassinet near a window or patio door where a child could reach the cord of a blind or curtain and be strangled.
- Check this bassinet regularly before using it, and do not use it if any part is loose or missing or if there are any signs of damage. Do not substitute parts. Contact the manufacturer if replacement parts or additional instructions are needed.
- The handle(s) and the bottom of the carry cot should be inspected regularly for signs of damage and wear.
- Be aware of the hazard of hitting the baby e.g. when putting the bassinet on floor, going through doors.
- Overheating can endanger the life of your child! Take into account the ambient temperature and the child's clothing and ensure that the child is not too cold or too warm.

## AVERTISSEMENT

LEUR NON-RESPECT DE CES AVERTISSEMENTS ET INSTRUCTIONS POURRAIT PROVOQUER DES BLESSURES GRAVES, VOIRE MORTELLES.

- Ce produit convient uniquement à un enfant qui ne peut pas s'asseoir sans aide, se retourner et ne peut pas se relever sur ses mains et ses genoux. Poids maximum de l'enfant: 9 kg.
- N'utilisez pas cette nacelle pour un enfant de plus de 6 mois.
- Ne jamais poser ce produit sur un support.
- Ce produit ne convient pas pour faire du jogging ou des promenades en rollers.
- Ne laissez JAMAIS votre enfant sans surveillance.
- **RISQUE DE SUFFOCATION:** la nacelle peut se retourner sur les surfaces molles et étouffer l'enfant. Ne la placez JAMAIS sur un lit, un canapé ou toute autre surface molle.
- **RISQUE DE SUFFOCATION:** les nourrissons peuvent s'étouffer s'ils se retrouvent bloqués dans l'espace entre le matelas et la nacelle/ le berceau. Utilisez uniquement le matelas fourni par le fabricant. N'ajoutez jamais d'oreiller, de couette ou de surmatelas.
- **RISQUE DE SUFFOCATION:** Ne laissez rien dans le couffin qui pourrait présenter un danger d'étouffement, par exemple, des jouets non rigides, des oreillers...
- **RISQUE DE CHUTE:** en bougeant, votre enfant peut déplacer la nacelle.

# Félicitations

Nous vous remercions d'avoir choisi Thule Bassinet ! Soyez certain que nous avons consacré notre énergie, nos connaissances et notre passion à la conception du couffin le plus classique, flexible et sûr possible.

**IMPORTANT** – LIRE LES INSTRUCTIONS SUIVANTES ATTENTIVEMENT AVANT UTILISATION ET LES CONSERVER POUR LES BESOINS ULTÉRIEURS DE RÉFÉRENCE. LEUR NON-RESPECT POURRAIT COMPROMETTRE LA SÉCURITÉ DE VOTRE ENFANT.

# Symboles

**AVERTISSEMENT** indique une situation potentiellement dangereuse qui, si elle n'est pas évitée, pourrait provoquer des blessures graves, voire mortelles.

**REMARQUE** indique comment répondre à une situation donnée et vous donne des conseils sur le fonctionnement des options disponibles.

# Entretien

Pour maintenir votre Thule Bassinet propre et en bon état, il est important de bien l'entretenir.

Inspectez régulièrement votre poussette et ses accessoires pour vous assurer qu'ils ne montrent aucun signe de détérioration ou d'usure :

- N'utilisez pas le siège bébé s'il est endommagé ou cassé.
- Vérifiez que les pièces métalliques ne sont ni bosselées ni fissurées. N'utilisez pas le couffin si des pièces métalliques sont fissurées ou endommagées.
- Vérifiez régulièrement que le tissu ne présente pas de déchirures, d'usure ni d'autres signes de détérioration.
- Reportez-vous aux instructions de nettoyage indiquées dans le chapitre relatif à l'entretien dans les présentes instructions.
- Inspectez régulièrement les poignées et la partie basse du couffin pour vous assurer qu'ils ne montrent aucun signe de détérioration ou d'usure.

Rangez votre poussette et ses accessoires dans un endroit sec, à l'abri de la lumière directe du soleil. Assurez-vous que votre poussette est sèche avant de la ranger afin d'empêcher la prolifération de moisissures ou de bactéries.

Ne le posez JAMAIS sur un comptoir, une table ou toute autre surface en hauteur.

• **RISQUE DE CHUTE:** pour éviter les chutes, n'utilisez pas ce produit lorsque le nourrisson commence à se redresser sur ses mains ou ses genoux ou atteint 9 kg, selon la première éventualité.

• **RISQUE DE CHUTE :** vérifiez toujours que la nacelle est bien fixée à la base en la tirant vers le haut.

• N'utilisez JAMAIS ce porte-bébé pour transporter un nourrisson dans un véhicule.

• Afin de réduire le risque de mort subite du nourrisson, les pédiatres recommandent d'allonger les bébés sur le dos pour dormir (sauf conseil contraire de votre médecin).

• Demandez conseil à un professionnel de la santé pour dormir en toute sécurité.

• Les ficelles peuvent causer des étranglements ! Ne placez pas d'objets dotés d'une ficelle autour du cou de votre enfant (capuchon avec cordon, sucette avec attache, etc.). Ne suspendez pas de ficelles au-dessus de la nacelle et n'attachez pas de ficelles à ses jouets.

• Ne posez que sur une surface plane, horizontale, ferme et sèche.

• Ne pas laisser d'autres enfants jouer sans surveillance à proximité du couffin.

• Ne pas utiliser si l'un des éléments du couffin est cassé, déchiré ou manquant.

• Ne pas laisser les poignées flexibles à l'intérieur du couffin.

• Avant de transporter ou de soulever le produit, assurez-vous que la poignée est dans la bonne position.

• La tête de l'enfant ne doit jamais être plus basse que son corps.

• N'ajoutez pas de surmatelas sur le matelas fourni ou recommandé par le fabricant.

• Si un drap est utilisé avec le matelas, utilisez uniquement celui fourni par le fabricant de la nacelle ou un drap spécialement conçu pour la taille du matelas de la nacelle.

• La négligence provoque un incendie. N'utilisez pas ce porte-enfant à proximité ou à proximité d'un feu ouvert ou de toute autre source de forte chaleur.

• Utilisez uniquement les pièces de rechange fournies ou approuvées par le fabricant.

• Ne placez pas de cordon, de sangle ou tout objet susceptible de s'enrouler autour du cou d'un enfant dans la nacelle ou à proximité de celle-ci.

• Ne placez pas cette nacelle près d'une fenêtre ou d'une porte-fenêtre, où un enfant pourrait atteindre le cordon d'un store ou d'un rideau et s'étrangler avec.

• Vérifiez régulièrement cette nacelle avant de l'utiliser et ne l'utilisez pas si certaines pièces sont mal fixées ou manquantes, ou si elle est visiblement endommagée. Ne remplacez pas les pièces. Contactez le fabricant si des pièces de rechange ou des instructions supplémentaires sont nécessaires.

• Les poignées et le fond de la nacelle doivent être inspectés régulièrement

pour détecter tout signe de dommage et d'usure.

- Soyez conscient du risque de frapper le bébé, par ex. lorsque vous posez la nacelle sur le sol, en passant par les portes.
- Une surchauffe peut mettre la vie de votre enfant en danger ! Tenez compte de la température ambiante et des vêtements de l'enfant et veillez à ce qu'il n'ait ni trop froid ni trop chaud.
